Exhibitions

ctms specializes in the booking and group management of hotel accommodation for exhibitors and delegates for the duration of shows at venues all over the world.

We provide reliable and cost-effective travel and accommodation to exhibitions and trade fairs. The high caliber of our exhibition travel service is based on selecting hotels with quality and convenience.

Our Exhibition website includes dates, locations, hotel information and more. In addition, we are able to quote on travel packages for any events not listed.

We're aware that events attract so many people that the host city's hotels often fill to capacity, so where possible, we pre-book rooms for these events many months ahead - meaning you don't have to waste time searching yourself. We offer one-stop shopping to convention planners and delegates who wish to make airline reservations, book accommodations and arrange for car rentals. We take the time to market our service directly to the delegate and our results speak for themselves.

Many of these exhibitions take place in countries with strict visa regimes. Again we can help - our visa department is highly experienced in this field and can help with the all-important documentation you need to apply for your visa.

What do our customers have to say?

"We have no hesitation in recommending ctms with regard to arranging our group's annual travel arrangements to KIOGE - Kazakhstan International Oil and Gas Exhibition. We have always found them to be very knowledgeable, reliable and helpful. They always have the right mix of accommodation blocked for our delegates and have provided accommodation when others can't. They are particularly responsive to the itinerary changes of individual members and strive to give a flexible courteous service at all times."
